- Jain international residential school
SSLC
Completed in 2020

About Me

dynamic and skilled computer science student with a strong foundation in coding and software development proven leadership ability with experience in leading teams and project effectively. Passionate about integrating creative into problem solving and dedicated to continuous learning, enthusiastic, dancer with a flyer of team work for team work and collaboration.

Bringing a unique blend of technical, expertise and artistic insight to every endeavour

Internship

GROW WITH CODE Graphic design

For a graphic design internship, your resume should highlight your creative skills, proficiency with design software, and your contributions to various projects. Here are some key responsibilities you can include:

- Created visually compelling graphics, illustrations, and layouts for digital and print media, contributing to the branding and marketing efforts.
- Collaborated with the marketing team to design promotional materials, including brochures, flyers, social media graphics, and email templates.
- Assisted in the development of brand guidelines and ensured consistent application across all design projects.
- Utilized Adobe Creative Suite (Photoshop, Illustrator, InDesign) to produce high-quality visual content.
- Participated in brainstorming sessions and contributed creative ideas for campaigns and projects.
- Conducted photo editing and retouching to enhance visual appeal of marketing materials.
- Assisted in website design and maintenance, ensuring a cohesive and engaging user experience.
- Managed multiple design projects simultaneously, adhering to deadlines and maintaining high attention to detail.
